

Hello, and welcome to Rocksmith 2014 Edition!

If you have a retail disc copy of the game, here is how to install it on your PC:

1. Insert the disc into your drive. If it does not Autoplay, you can navigate to the disc drive and double-click the “Setup.exe” file in the Rocksmith 2014 folder to get started.

2. Choose the Language you would like to use.
Press “OK” to continue.

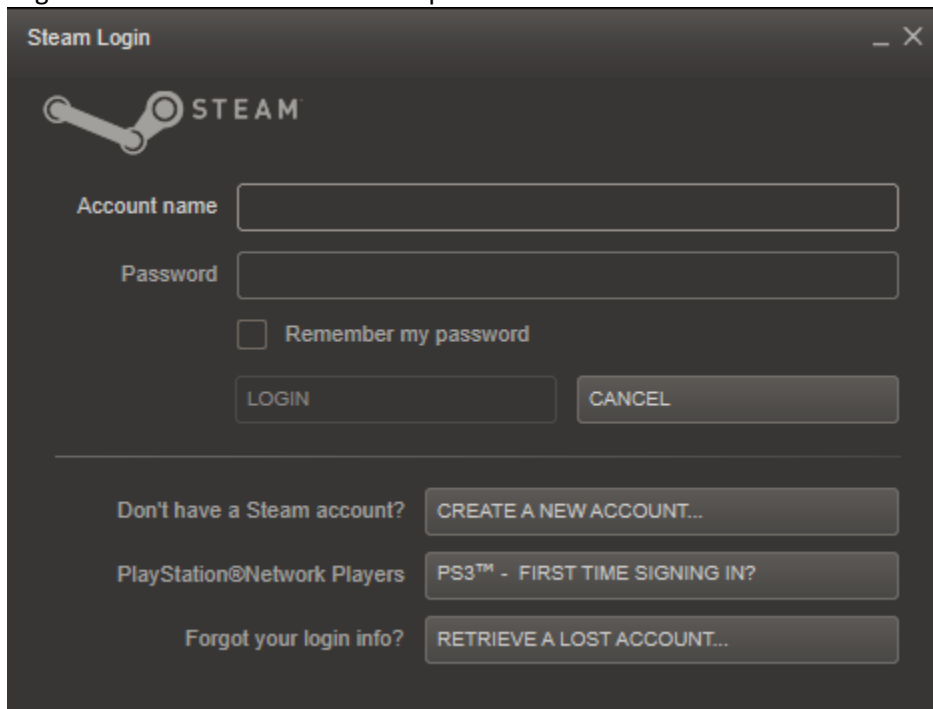

3. Choose "Install Rocksmith 2014" from the menu.

4. Rocksmith 2014 is a SteamWorks game, which means it uses the Steam application to install and launch the game.

Login or create a Steam account to proceed.

The image shows a 'Steam Login' dialog box with a dark gray background. At the top left is the Steam logo (a circular icon with two horizontal bars) followed by the word 'STEAM' in a bold, sans-serif font. Below the logo are two text input fields: 'Account name' and 'Password'. To the right of the 'Password' field is a checkbox labeled 'Remember my password'. Below these fields are two buttons: 'LOGIN' and 'CANCEL'. A horizontal line separates the login section from the account creation section. Below the line, there are three rows of text and buttons. The first row has the text 'Don't have a Steam account?' followed by a button labeled 'CREATE A NEW ACCOUNT...'. The second row has the text 'PlayStation®Network Players' followed by a button labeled 'PS3™ - FIRST TIME SIGNING IN?'. The third row has the text 'Forgot your login info?' followed by a button labeled 'RETRIEVE A LOST ACCOUNT...'. The dialog box has a standard window title bar with a minus sign and a close button (X) in the top right corner.
